HONOLULU READY TO RECEIVE BATTLESHIPS.

Hundreds of Islanders Arriving by Steamer at Mid-Pacific Capital to Greet Armada on Its Way to Orient. The Nebraska Rejoins Sister Ships.

(ASSOCIATED PRESS NIGHT REPORT.) HONOLULU, July 15.—Arrangements for receiving the Atlantic battleship fleet on its arrival here, tomorrow, are now complete. Pilots and the new quarantine officials will board the fleet outside the harbor. No other persons will be allowed on board until after the fleet is anchored.

A wireless message from the flagship of Rear-Admiral Sperry tomorrow afternoon and will return it a few hours later. Rear-Admiral Sperry and officers will be the guests of Gov. Frear at dinner Saturday evening. Monday, the fleet will be met by the Chief Justice of the Supreme Court.

Steamers are arriving here from other islands, bringing hundreds of people to view the fleet. Excursion steamers will sail early in the morning and meet the fleet outside the harbor. The city is in a state of expectancy.

The British collier Buanran, which has coal for the fleet, refused to proceed to Malae Bay on request of Rear-Admiral Sperry in the absence of orders from the vessel's owners. These orders were secured and the collier sailed today for Malae Bay.

After passing the leper settlement on the island of Molokai early Thursday, the third division, including the Louisiana, Virginia, Ohio and Wisconsin, will go to Lahaina on the island of Maui, the first, second and fourth divisions coming to Honolulu. The second division, composed of Georgia, Nebraska, New Jersey and Rhode Island, will come to anchor to the eastward of the harbor entrance, Illinois, Kansas, and Kentucky of the fourth division

will anchor on the west side of the entrance, while the first division, consisting of Connecticut, Kansas, Minnesota and Vermont, will enter the harbor. The Connecticut will anchor off the Alaska street wharf and Minnesota and Vermont opposite Naval wharf No. 2. The ships will take on pilots before entering the harbor.

ning in the End.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, July 15.—The gold medals went to Great Britain, France and Sweden as the winners of the finals of today's events at the Olympic games.

Great Britain was a double winner, and France and Sweden each secured a gold medal. The American team, with but one silver medal, finished in second place in the three-mile team race, but the American representation in the various events was small.

There were four events scheduled for the day, and the English won the 500-yard cycling race, the 1000-yard cycling race, the 1500-yard cycling race, thus bringing the number of gold medals accredited to Great Britain to date up to four, as compared with two standing to the credit of the United States. The final in which the latter country participated was the three-mile team race, and the American team finished in a poor second.

France captured her gold medal for a victory in the 200-meters tandem cycle race, and Sweden finished in second place, taking the bronze medal.

The 1500-meter cycling race, which was the feature of the day, was won by the English, who took the gold medal, while the Americans took the silver medal.

WORLD'S CHAMPION
DECLARED UNFIT.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, July 15.—After Melvin W. Sheppard defeated the fastest runner in the world in the Olympic games at London yesterday, it was learned here that a few weeks ago his application for a position on the New York police force was rejected because of physical disability.

The police surgeons who examined him reported that they found him suffering from enlargement of the heart and hardening of the arteries. But his case has been taken up by the Civil Service Commissioners, whose examination he has passed, and another effort will be made to have him accepted as a member of the policeman's blue.

A picturesque touch was added to the scene in the arena today by the pretty gymnastic display given by the Danish women, the individual and team gymnastic exhibitions between Finland, France and Sweden, and the acrobatic performance of the Danes. This last event raised the continental spectators to a high pitch of enthusiasm.

YANKES CONFIDENT.
SULLIVAN IS OPTIMISTIC.
(ASSOCIATED PRESS DAY REPORT.)

NEW YORK, July 15.—The spirit of all handicaps, the Yankee team will win.

This message received in New York from James Sullivan, American commissioner to Olympic games, at London, has done much to cheer up the members of the various athletic clubs, who feared that the method of drawing for places in heats in the various events would prove a great disadvantage to Americans.

The victory of M. W. Sheppard in the 1500-meter run, and John J. Flanagan in the hammer throw at the Olympic games, has been enthusiastically received in athletic circles in this city. Both athletes are members of the Irish-American A. C., and the quarters of the organization presented a lively appearance last night, the clubhouse being filled and bulletins on the event eagerly sought.

PHILADELPHIA, July 15.—[Exclu-

Lancaster County Orphans' Court, if
sustained, means the wiping out of
the New Church (Swedenborgian) in
this county," said Alfred S. Well of
the Philadelphia bar today.Well is counsel for the Academy of
New Church at Brynathyn, which, by
the court's decision, has been denied a
legacy of \$37,000 on the grounds that
the church teaches immorality.In the academy, among the testi-
monies is one on "Conjugal Love," and
this book is open to all pupils. There
are forty-seven young men and boys
and thirty girls in the school. The
text-book defines "conjugal love" as
follows:"Conjugal love is celestial, spiritual
and holy because it corresponds to the
celestial, spiritual and holy marriage
of the Lord and the church."No pupil is admitted to the academy
who has not been baptized or is pre-
pared to be immediately baptized into
the New Church.The court holds that the teachings
of the church and the practices of its
members are immoral and opposed to
public policy. If the decision is sus-
tained, it will cut off the revenues and
the sect will pass away.MEDICAL SCIENCE

NEW YORK, July 15.—The discovery
of a new disease of the nerves, "Ox-
aluria," was announced before the recent
International Medical Congress at
Vienna by Dr. Gustav Bear of Port-
land, Or. Dr. Bear, with his daughter,
Beatrice, arrived on the Kaiser Wil-
helm II. The physician was one of the
representatives sent from this country
to attend the biennial meeting of medi-
cal men."I have determined that in many
cases the breaking down of the nerves
is often caused by the presence of large
quantities of Oxalic acid in the system,"
said Dr. Bear. "This disease I
have named Oxaluria and before the
congress I read a treatise on my dis-
covery, and recommended as to proper
treatment.""For one thing, I believe that the so-
called 'Rest cure' will soon be a thing
of the past as a remedy for nervous
debility. On the contrary, a stimu-
lation of the muscular energies is
needed and the patient would more im-
mediately improve and ultimately be
cured."HOME TELEPHONE BALL.

Thousand Members.

(BY DIRECT WIRE TO THE TIMES.)

DENVER (Colo.) July 15.—[Exclu-
sive Dispatch.] "The Western Federa-
tion of Miners is almost bankrupt, and
the cause is the enormous cost of de-
fending so many members of our or-
ganization on charges of crime."This, in brief, was the substance to-
day of the report of Secretary-Treasurer Ernest Mills of the Federation at the
third day's session of the federa-
tion's annual convention.Mills' report went on to show that
the total cost of the various defenses
recently had far exceeded \$200,000. The
Boise trials of William D. Haywood,
Charles A. Meyer and George Pettibone
cost the federation \$200,000, of which
\$50,000 was paid for attorneys' fees.
Meyer was allowed \$15,000 and
Haywood \$6000 for expense money dur-
ing their imprisonment and trial. The
first trial of Steve Adams at Telluride
cost the organization \$10,000. The ex-
penditure for the year was \$125,000
against receipts amounting to \$400,000.The membership April 1, last, was
\$5,000, a decrease of 5000, due to the
loss of 20,000 members who are not paid
up.President Thomas H. Lewis of the
United Mine Workers of America, ac-
companied by J. W. Lawson and Dun-
can McDonald, members of the execu-
tive board, and James Sullivan, na-
tional organizer of the United Min-
ers, appeared before the convention
this afternoon and appealed for
close relations between the two or-
ganizations. He requested the Western
Federation not to receive any more
coal miners into its unions, and
promised that his organization would
in return assist in organizing metal-
liferous miners.The executive board of the Western Fed-
eration, replying, said he personally
favored close relations between the
two organizations, and pledged him-
self to do all in his power to bring
about such a condition.The executive board was ordered by
the convention to meet with the United
Mine Workers officials Saturday after-
noon, in an attempt to bring about a
working agreement, and the principal
difference between the two organiza-
tions is the contract system. The
United Mine Workers enter into con-
tracts with operators, while the West-
ern Federation allows its mem-
bers to make contracts.A message was received announcing
the acquittal of Steve Adams, at
Grand Junction, on the charge of
murder, and the secretary was ordered
to send the following:The Western Federation of Miners,
in convention assembled, congratulates
you, and each and all rejoice in your
complete vindication from the foul
charges of Bulkeley Wells and his
conspirators.The convention then adjourned in
honor of Adams' acquittal.STEVE ADAMS ACQUITTED.

Not Guilty of the Collins
Murder.(ASSOCIATED PRESS DAY REPORT.)
GRAND JUNCTION (Colo.) July 15.—
Steve Adams, member of the West-
ern Federation of Miners, was ac-
quitted of the murder of Arthur Col-
lins this afternoon. Adams' alleged
confession of the crime was excluded
as evidence by Judge Shackelford, and
eight witnesses testified to an alibi for
the accused man.Collins, who was manager of the
Smuggler Union mine at Telluride, was
shot through a window of his office on
November 10, 1902, while playing cards.After the clerk of the court had
read the verdict, Adams was ordered
to be released from the jail. Adams
was immediately released, and he
shook hands with each one of the
jurors, and thanked them for find-
ing him innocent.The members of the Western Federa-
tion of Miners, who are here for their
support and encouragement during his
long imprisonment, were in the
courtroom with William East-
erly, another prominent federationist,
and many other members of the
organization who had been staying during
the trial.No move was made to rearrest Ad-
ams on any of the other charges grow-
ing out of the Colorado labor troubles,
and it was stated he will be permitted
to go free. Adams is believed to be
convinced of the impossibility of securing
a conviction in any of these cases.Glucose Works Reopen.

POTTSVILLE (Pa.) July 15.—Seven
mine workers were killed and ten
others injured today by a terrific
explosion of gas in the Williams-
colliery of the Summit Branch Mining
Company, in the lower part of the an-
thraxite coal field. The mine was
wrecked and set on fire.The explosion shook the entire col-
liery, and it is believed that the rescue
been caused by one of the men lifting
the gauge of his safety lamp just after
an explosion of a shot which brought
down a large body of coal.The explosion shook the entire col-

Europe, Says He Expects to Find
Conditions Greatly Improved in the
United States on His Return in the
Fall.(ASSOCIATED PRESS DAY REPORT.)
NEW YORK, July 15.—James
Speyer, who sails today on the Adri-
atic on his annual European trip, has
this to say about the business out-
look:"Everybody knows that the financial
and business situation has improved
during the last few months, and I
believe it will continue to improve as
confidence, which had been severely
shaken through a number of causes,
continues to be restored more and
more."Judging from the past the election
of Mr. Taft seems a reasonable cer-
tainty. The political situation, there-
fore, ought not to be too much of a
disturbing factor, the more so as the
ill-considered attacks on capital do not
seem the same factor with the people
as they did a little while ago.The crop prospects also are fair,
and the easier money and credit sit-
uation should have a favorable influ-
ence on the revival of business gen-
erally. Some important matters, es-
pecially in relation to railways, re-
main to be adjusted, but I look for-
ward to a gradual and steady return
to normal business activities, and
bearing unforeseen events, I expect to
find when I come home, two or three
months hence, that there will be less
idle chatter, and less unemployed men
in the country.MASONIC.

Order, Nobles of the Mystic Shrine, to-
day elected officers and decided to hold
the convocation of 1909 in Louisville, Ky.
Four cities were contestants for the
honors of next year—Seattle, Louis-
ville, Atlantic City and Detroit.The matter was referred to a com-
mittee, which reported in favor of
Louisville. The report of the commit-
tee was adopted late this afternoon.In accordance with precedent, Frank
C. Roundy, Imperial Potentate, was
not a candidate for reelection, and
the officers below him were each advanced
a step, leaving only the lowest officer
Outer Imperial Guard—open to a con-
test.Four candidates were voted on for
this office, Charles E. Ovenshire of
Minneapolis; J. B. Leggett of Butte,
Mont.; George Y. Fowler of Detroit,
and W. F. Kendrick of Philadelphia.
On the third ballot Mr. Ovenshire re-
ceived 50 votes, and was declared
elected.The council granted dispensations to
Masons of Seattle and Ashland, Or.,
to hold their business places at Williams-
colliery and whether he was
an important action of today's ses-
sion of the council was the raising of
the initiation fee to a minimum of \$50.(ASSOCIATED PRESS NIGHT REPORT.)

MONTE VISTA

Get Into the Midst of Prosperity

5 Acres in the Best Section for \$1250

Buy land where others are buying. Prosperous communities are a great spur to values. Monte Vista is in the heart of the richest orange community in Southern California. It is only half a mile west of the center of Ontario, a city of 6500. It is only a short distance east of Pomona. It is only a few minutes' ride from Los Angeles and has two railroads with stations and packing houses. An electric line connects Pomona and Ontario with Los Angeles is surveyed through the center of Monte Vista. It is in the heart of a \$50,000 improved fruit and orange acre. It is surrounded on four sides by bearing groves and another well just completed shows 100 miners' inches of water. Go see it and prove it for yourself. It has a future value just as great as any of the improved lands around it. It has fine soil that produces everything known in this climate from potatoes to oranges. Besides, it is a home for small farmers and fruit growers who are building their homes at Monte Vista. J. W. Armstrong, an expert nurseryman of Covina, has established a nursery there and is planting fifteen acres to fruit trees. Monte Vista will return you good crops on the crops, with an ultimate value of the land possible in no other locality at the price.

the West Coast.(BY DIRECT WIRE TO THE TIMES.)
WASHINGTON, July 15.—[Exclu-
sive Dispatch.] Because there is an
adequate naval force in the Carib-
bean Sea, even to perform ordinary po-
lice duty, the gunboats Vicksburg and
Princeton today were ordered to pro-
ceed with all possible dispatch from
San Francisco and Bremerton naval
stations to the Caribbean. They are
out of commission.Conditions in Honduras constitute
the immediate reason for ordering
them to proceed around the south and
bring to the United States. The
gunboat Marietta, ten years ago this
spring.At the same time, the Marietta, now
at Port Antonio, Jamaica, was di-
rected to be ready to proceed to Puerto
Cortes, on the east coast, the point
toward which Gen. Luis Christman and
his revolutionary army are headed.The cruiser Tacoma, directed to
bring 50 marines north from the
Isthmus, is expected to call at Puerto
Cortes and observe conditions before
bringing the marines any farther
north.The Des Moines, also under orders
to bring marines home, and the Pa-
nacama are the only boats in the Car-
ibbean where, usually, there is a good
sized squadron.GARFIELD MUST GIVE BOND.
DISBARRED ATTORNEYS' CASE.
(ASSOCIATED PRESS NIGHT REPORT.)WASHINGTON, July 15.—Under a
decision by Justice Wright of the Dis-
trict Supreme Court, Secretary Gar-
field is required to furnish personal
bond for \$100,000 instead of \$25,000,
in order to carry to the District Court of
Appeals the case of the disbarred at-
torneys, whose reinstatement to prac-
tice before the Interior Department
was recently ordered by the lower
court. Justice Wright held the order
of the appellate tribunal yesterday,
following a special appeal, did not
operate as a stay of execution, and
said he was forced to hold that thatOn June 5 the Nicaraguan govern-
ment answered Cabrera's appeal, telling
him it was unsatisfactory and asking
if the men had been executed in any
other way than shooting. In this same
letter, Nicaragua assured President
Cabrera that she will not accept Guate-

Mayor Bookwalter, with a few brief remarks, presented Vice-President Fairbanks, who spoke about ten minutes, paying a fine tribute to his friend and neighbor, John W. Kern.

Mayor Fairbanks spoke as follows: "The duty which you have assumed to me is a very unusual and a very agreeable one. We have gathered here without cause, to be sure, but I am glad to be here."

"Mr. Kern, I shall always remember, with sincere appreciation the generous and hearty welcome extended to me four years ago. It is particularly gratifying now to me to meet this assemblage to perform a similar office for you.

have never disturbed our friendship or marred our personal relations. I admire you as a friend, neighbor and fellow citizen and rejoice with you in the great distinction which your party has been pleased to confer upon you by nominating you for Vice-President of the United States. Our campaigns are usually waged with ardor upon both sides, but we never fail to applaud our neighbor, though he differed with us. If he was distinguished honors. We never withhold from him an expression of our neighborly appreciation.

"I cannot wish you success in your campaign. I can, however, express the certain conviction that you will be crowned with the increased respect and personal confidence of your neighbors."

Tropical fruit is and has been known for years as a remarkable regulator of the system. By a persistent use of such mixture, the body will assume an absolutely normal condition, being neither too thin nor too large, and preserving the balance of all the organs, making the fortunate man or woman who uses it beautiful and happy.

This is what Rango does. It contains tropical fruit mixture which has this

"Ladies and gentlemen, I present to you the Hon. John W. Kern." Perhaps in all his career as a public speaker, Mr. Kern has never been received with more ardent applause than when he faced the crowd of 5000 people tonight. He said, in part: "It is true as has been said, a mark of distinction has been given me by the National Convention of my party, and to that convention and the men who represent it I am deeply grateful. But I am more grateful to Almighty God for the friends he has given me in

How hard they are working—the brave little "lower-downs," some of whom will soon be "higher-ups!"

The scholarship contest lost one Monrovia girl, yesterday, and gained another. The "Favorite of the Foot-hills," Estella Wilson, has given place to the "Monrovia Maid," Mary Pearl Pott, who pluckily entered the race after two weeks' running and started in a dash with nearly 2000 points. Miss Wilson was compelled to withdraw on account of ill health, but will enter at her future interest in her successor, Miss Pott, who has just graduated from the Monrovia High School.

The present Monrovia representative is an ambitious, energetic girl who desires to secure a course to sit herself for a teacher. Her father is a Mission, and is employed by the Pacific Electric Railway, so it is a coincidence that Miss Mary Pearl has set her heart on the scholarship in Huntington Hall. She seems to like the name. There are one or two others who are looking longingly at this desirable course as a reward, but there is no doubt that the new recruit intends to set a swift pace for her competitors.

Ralph Warren made a lightning run to headquarters last evening to have his score counted. He had just got in from Riverside, where he scooped up 2000 points, which places him on the lucky line occupied by the Santa Barbara girl yesterday, No. 12. Thomas McKinley is another contestant who must feel good today when he looks at the score for he has turned down Alice Capron. It took 4000 points to do it. We expect to see Thomas soon jump to the very front.

Pretty little Doris Dickinson, who did not seem at all dismayed the other day in entering so long after the others, brought in over one thousand points yesterday. Doris was at the very bottom with fifty points to her name in the morning, but she skipped over five boys and started on her upward career before evening. Today she is fifty-four. She is a winning little miss, who is working for a musical course.

The scholarship manager should like to know how soon Colton is going to wake up, for that town established a great reputation last year, when Percy Hamilton was the banner bearer. If Fred Swartz will hunt up the member of last year's "high sixteen," from Colton, he may learn something to his advantage.

Earl Clark of Carpinteria has not made much of a start, but he may be the dark horse of this scholarship contest. He is a little country lad of 13 years, who is anxious to cure a business education as he has

Miss Mary Pearl Pott, the new representative from Monrovia, who entered the race yesterday.

an invalid mother and his father, 24 he has written the manager, is breaking in strength. Hard lines for a 13-year-old boy. No wonder he wishes to gain a business education as soon as possible, and without doubt he will be able to get the good people of Carpinteria to stand by him. Go in and win, Earl!

Ray Campbell of Glendora, and Ivan Johnson of the San Fernando Valley are two interesting kids also looking out for a business course. Anna Ward of Hynes is a lovely young girl, the daughter of a former minister. She has to assist her mother in the work for a family of six children, but in spite of all the work-day Arizona to back her many other young girls in California, she longs to express the music that is in her soul, and entered the contest to win a musical scholarship. If some one could lend Anna a violin or a harmonium, for a time it would put her heart into her efforts.

Lupe Bustillos is the fetching Spanish girl who is determined to sing. Music is the birthright of the Latin people and the Spanish residents of Los Angeles could hardly resist this girl of her own race. If they could talk with her, they would find her a most interesting person. She is employed all day in Huntington Park as a manicure department, and of course has little chance to help herself. Charles Viglissia, a small lad of large musical aspirations, is also Spanish. He is a talented violinist and is working to continue his studies on that greatest of instruments.

The Arizona girl, Edith Wakefield, has been keeping still for some time. Her first score was a fine starter, and with the whole day Arizona to back her she should be able to win almost anything.

Edith Wakefield of Huntington Park is another newcomer in the race who is not daunted by the odds against her. She has a fortune in her pleasant smile and manners, and with her sister's help will doubtless come jumping up the ladder. The two colored girls are in the contest for a musical scholarship. Myrtle Elgin of Birch street, and Naomi Davis of Pasadena, keep pretty close together. They are faithful workers, and should receive the encouragement of every member of their own race. Arthur Crombie of East Avenue 40 has a fine field to work in, for there are a good many people in his Arroyo district. Wava Tift, who is just ahead of Arthur in the race, is a good girl, and her adoption would establish a precedent valuable if an unfit man should ever become a candidate in the future. He thought it the duty of the Bar Association to safeguard the bench, but thought that nominations should be confined to those political parties that have a practical chance.

Joe Rush urged that the trustees' plan would permit Republicans to nominate Democrats, to which, as a Democrat, he was opposed. President Anderson stated that the trustees design to make the plan permanent, and proposed an amendment to the constitution of the association to that effect.

Walter J. Trask criticized the plan by which Democrats would be nominated by Republicans.

Nathan Newby said that judges should be selected on a basis of merit alone, without regard to partisanship, and former Judge Works, spoke vigorously to the same effect.

THE PRIZES.

Besides the valuable scholarships for which the young people are working, the Times offers fifteen cash prizes for those making the highest scores next to the top line, who will receive the prize piano. The cash prizes, totaling \$100, are arranged as follows:

BAR ASSOCIATION TO PRESENT SOME CANDIDATES.

Plan for Separating Bench from Politics Meets With Scattered Opposition at Well-Attended Gathering—Ticket Will Be Referred to Various Conventions.

The Los Angeles County Bar Association met last night, yesterday, to the effect of nominating candidates for Superior Court judgeships without regard to political affiliations. At a crowded meeting in Department Four of the Superior Court, President J. A. Anderson presiding, the members heard and discussed the report of the Board of Trustees on a proposed plan for nominating candidates for judgeships by special elections of the Bar Association. After a full discussion of the proposed plan, the members, with but one dissenting vote, adopted an alternative set of resolutions presented by former Judge John D. Works, to the effect that inasmuch as the objects and purposes of the association should be to maintain the highest standard of judicial and professional qualifications, integrity and independence, the election of judges should be wholly removed from political or partisan influences, and their selection to be founded wholly upon their qualifications and fitness for the office without respect to party ties or political affiliations.

With but few dissenting votes the association adopted Frank G. Tyrell's resolution "that the Bar Association name as many candidates for Superior Court judges as there are vacancies, and name them with regard to fitness only, and without regard to political affiliation, and refer the candidates so named to all the nominating conventions."

It was determined that only members of the Bar Association should be eligible to vote for candidates. President Anderson appointed Lynn Helm, D. C. DeGarmo and Secretary T. W. Robinson a committee to conduct the primary election of the association.

The association adopted that part of the trustees' report, which provides that nomination of candidates, either by candidates themselves or by their friends, shall be left to Secretary Robinson on or before July 23, and that ballots containing the names of all candidates shall be forwarded to each member of the Bar Association, July 23. All ballots returned will be counted by the committee. Anderson stated that the names of the four men having the highest number of votes are to be presented to the nominating conventions of the political parties as the candidates for the judgeship receiving the endorsement of the Bar Association.

In response to the resolution, Lynn Helm stated that in Chicago 70 per cent. of the candidates endorsed by the Bar Association are elected by political conventions and elected, though attempts by the Bar Association to run an independent ticket have met with failure.

E. A. Meserve opposed the plan of endorsement for the present year, because every candidate for the judgeship now in the field is a good man. He thought, however, that the method is a good one, and that its adoption would establish a precedent valuable if an unfit man should ever become a candidate in the future. He thought it the duty of the Bar Association to safeguard the bench, but thought that nominations should be confined to those political parties that have a practical chance.

Joe Rush urged that the trustees' plan would permit Republicans to nominate Democrats, to which, as a Democrat, he was opposed. President Anderson stated that the trustees design to make the plan permanent, and proposed an amendment to the constitution of the association to that effect.

Walter J. Trask criticized the plan by which Democrats would be nominated by Republicans.

Nathan Newby said that judges should be selected on a basis of merit alone, without regard to partisanship, and former Judge Works, spoke vigorously to the same effect.

SPIRITUALISTS LOSE ESTATE.

Supreme Court of Michigan Holds Them to Be Mentally Incompetent.

[ASSOCIATED PRESS DAY REPORT.] CHICAGO, July 15.—A dispatch to the Inter-Ocean from Cassopolis, Mich., says: That a spiritualist is mentally incompetent is the holding of the Supreme Court in a decision rendered yesterday upholding the verdict of a Cass county jury, which decided that John F. Goff was unbalanced mentally on the subject of spiritualism and therefore incompetent when he made his will disinheriting his only son, Leslie, in favor of spiritualistic associations. Goff's estate is valued at \$75,000. Mrs. Goff died when the son was born. The son is now more than 60 years of age. He has been a resident of Oklahoma for a number of years and is a well-to-do business man of that state.

It was alleged that the old man was influenced by the members of the spiritualistic association to such an extent that he was made to believe his son was not in fact his legitimate heir and it is upon this supposition that the old man is believed to have acted when he made a will in favor of the spiritualists and disinherited his son.

The estate was to have been used in the advancement of spiritualism throughout the world. When the son announced that he would make a fight for the money left by his father, the National Association of Spiritualists employed lawyers and defended the action.

PROTECT NAVAL UNIFORM.

Secretary of Navy Says Ships Will Stop Where Sailors May Dance.

[ASSOCIATED PRESS DAY REPORT.] NEW LONDON (Ct.) July 15.—Acting Secretary of the Navy, Newberry, has written a letter to A. T. Miner, president of the New London Business Men's Association, in regard to the recent refusal of the dancing privileges at a local pavilion to men wearing the uniform of the United States navy. In the letter he says: "It being apparent under the existing circumstances that enlisted men of the navy, although sober and well behaved, are being discriminated against by at least a part of the public entertainment at New London, it only remains for the Navy Department to transfer those headquarters of the squadron to some port where the men will be made welcome on their own account, in spite of the fact that they wear the honorable uniform of the United States navy, or where they are protected by the law from humiliation such as was experienced in this case. In view of your letter, however, the department will defer action in the matter, awaiting some reply to this letter which may enable the department to take other than the indicated action."

All cigarettes look alike to the smoker, except—

IMPERIALES CIGARETTES

There are none made just like them—surely none that taste just like them. It's this indescribable, individual, inimitable taste and flavor of Imperiales Cigarettes which has put them head and shoulders above all other brands sold in the West. They're reaching eastward, too—steadily. You don't taste the paper when you smoke an Imperiales—just the tobacco. Furthermore, the mouthpiece Imperiales insure a perfectly cool, sweet smoke. Smoke them all day long if you want to—no after effects.

The men of the West smoked over 125,000,000 Imperiales Cigarettes in 1907.

Union Company's Storage Plant Near Orcutt Wiped Out—Other Companies Suffer—Man Leaps Into Flaming Pit to Save Fellow Workmen—Awe-Inspiring Spectacle.

(BY DIRECT WIRE TO THE TIMES.)
SANTA BARBARA, July 15.—[Exclusive Dispatch.] Caught in the flood of burning oil from a blazing storage tank at the works of the Union Oil Company, near Orcutt today, Charles Curtis, 25 years old, met death in an inferno-like lake beside the tank.

The fire, which was the most spectacular in the history of oil development in this county, destroyed three 5,000-barrel tank banks, a 100-barrel fuel tank, several oil cars, outbuildings and half a mile of the Pacific Coast Railway tracks. The loss is estimated at \$100,000.

The fire started at 11 o'clock Tuesday night. A short-circuited electric wire on tank No. 27 set in a blaze a frame-work of steel and iron.

Thorough Cures
Different doctors have different ideas in regard to cures. Some call a suppression of symptoms a cure. They lose for drug effect and claim that nothing more can be done. But the real ailment remains, and will bring the real symptoms back again, perhaps the same as before, but very likely leave the patient in a much worse condition.

"Weakness"
I not only cure "weakness" promptly, but I employ the only treatment that can possibly cure this disorder permanently. It is a system of local treatment entirely original with me, and is employed by no physician other than myself.

Varicocele Cured Without Cutting
The time was when every other man afflicted with varicocele had no choice but to allow the disease to go on undermining his power and health or submit to a surgical operation. Now he can choose a thorough cure by painless treatment.

Advice and Consultation Free
Come and have a private talk with me concerning your ailment. Even if you are not prepared to undergo treatment at this time, I can always give helpful suggestions to men who are diseased or weak.

WEAK MEN, WE CAN CURE YOU

Men whose vitality is exhausted, who have some private disease or weakness lurking in his system, and who are prematurely old while still young in years, broken down wrecks of what they ought to be, and who want to be strong—and to feel so, and to win back the vim, vigor and vitality lost, should consult us before it is too late.

Weakness
It is humiliating to know that your manly strength is slipping away—to be weak, nervous, fretful and gloomy; have pains and aches in different parts of the body, your sleep disturbed, weak back, headache, despondency, melancholia, too frequent urination, palpitation of the heart, unable to concentrate your thoughts, poor memory, easily fatigued, speech before the eyes, aversion to society, lack of energy, loss of power, depleted, dizziness, spells, vital losses, poor circulation, to feel cold, listless and worn out, primarily induced in many cases by abuses, excesses and overwork.

Varicocele
One man in every four has some degree of varicocele, a disease which is a genuine scientific problem. It is a disease which is a genuine scientific problem. It is a disease which is a genuine scientific problem.

Contracted Diseases
We cure these troublesome diseases quickly and painlessly by our new and improved methods. Neglect, improper treatment, or harsh treatment may result in serious and permanent damage to the system.

BRANCH OFFICE OF "THE TIMES."

ATTRACTIVE QUARTERS OPENED ON SOUTH SPRING STREET.

Number 531 is the Place, and Patrons Will Find Facilities Most Convenient—Information Bureau Part of Equipment of the Newly Established Business Room.

A branch office of The Times—a branch office right in the thick of downtown business extension—it will be opened today at No. 531 South Spring street.

This is the elaborately appointed space recently occupied by the "Los Angeles Information Bureau," a speculative concern which failed to make good, and has come out of business. They have stepped out and The Times moves in.

The quarters are spacious and superbly fitted, and make a splendid home for the branch office and information bureau of The Times.

The location is ideal—convenient for patrons in the southern part of the rapidly-expanding business center, right in the pathway of thousands who will not be obliged to travel to the main office.

At this branch office, No. 531 South Spring street, patrons of The Times may leave advertising copy and subscriptions.

The establishment of the branch in this busy section of the city is for the ready convenience of advertisers, and will undoubtedly result in a considerable saving of time for them. The quarters will be found an attractive place to visit.

An information bureau with an experienced attendant in charge will be conducted in the premises, and any one having facts or literature concerning routes of travel, and time of departure or arrival of trains, can ascertain same without troubling the person or ringing "Press 1" on the Sunset telephone.

The room is arranged with booths and ample space for subscribers, and a particularly well adapted for economy by railroad enterprises and similar lines of business.

AUSPICIOUS BEGINNING.

UNION OF CITIES MAKES A START.

ALL PRESIDENT OF WATERWAYS ASSOCIATION.

Built to Test Legal Status of San Pedro One of First Steps Planned and Charter Amendments in Second—San Pedro Municipalities Represented at Meeting.

Putting on the harness and getting ready for its work of uniting cities of Los Angeles county with the city of Los Angeles, directors of the Municipal Waterways Association organized yesterday and prepared for two or three strong tugs at the start.

The meeting was held at the office of Joseph H. Call, in the Tajo building, and Mr. Call was tendered the presidency, which he accepted, because, he said, "Los Angeles has it in her power to become one of the greatest cities, a center of population and a manufacturing empire, in the whole world." The price of this free water transportation from a port within the limits and under the control of the greater city.

The other officers elected were James Anderson, vice-president; A. P. Fleming, secretary, and F. S. Carey of Huntington, treasurer. These officers, with Capt. A. F. Fries, Corps of Engineers, U.S.A.; T. E. Gibbon and James Hamilton, City Engineer, comprise the Executive Committee of seven that is to wear the harness and do the most of the tugging.

One of the first tugs will be in the nature of a friendly suit to determine the legal status of San Pedro. There is a division in the minds of attorneys as to whether San Pedro is a city of the fifth or sixth class. If in the fifth class it may join Los Angeles under the borough system. If in the sixth class it has the power to assimilate with Los Angeles by annexation, thus bringing its harbor benefits under the municipality.
